SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

TECH SKILLS

- Python (Expert)
- Java (Expert)
- Data Structures & Algorithms
- SQL, MySQL
- OOPS
- Machine Learning

LANGUAGES

- English (Fluent)
- Hindi (Native)
- Marathi (Basic)

PROFILE

Computer Science (AI & ML) student at Vishwakarma Institute of Technology with a CGPA of 9.36, proficient in Python, Java, C, SQL, HTML, and CSS. Experienced in OOP, web development, machine learning and data analysis tools like Power BI and Excel, with a growing foundation in DSA.

EDUCATION

Bachelor of Computer Science (AIML) 2024-2028
Vishwakarma Institute of Technology
GPA: 9.36/10

Higher Secondary Education 2022-2024
Vishwakarma College of Arts Commerce and Science
Percentage (%): 87.67

PROJECTS

ReviewGuard — Genuine Product Rating System 2026

Developed a classical AI-based system that analyzes product reviews, detects fake or suspicious reviews using heuristic rules, and calculates a corrected genuine product rating

Technologies Used: *Python, Flask, CSV Processing, HTML, CSS.*

Netflix Clone 2025

Developed a Netflix India landing page clone replicating the original UI with responsive sections, hero banner, FAQ accordion, and footer layout.

Technologies Used: *HTML, CSS, Google Fonts*

ACHIEVEMENTS

- Published a research paper on Solar-Powered Eco-Friendly Stove with PWM-controlled airflow for smokeless combustion in **IEEE** (Jan 2026).
- Maintaining exceptional CGPA of **9.36/10.0**, ranking among top performers in Computer Science Engineering program
- Achieved **98.62 percentile** in MHT-CET, demonstrating strong problem-solving skills and proficiency in Mathematics, Physics, and Chemistry.
